

Dear Exchange Student,

Welcome to the AGSM MBA Program! As part of your exchange you will be privy to our Career Services. Career Services are a small team dedicated to the task of assisting students to realise their Career ambitions and give them the tools for life-long career success. Career Services is an integral part of the MBA Program, which enables students to view the career options available, make well informed decisions about their future career path.

We provide a range of services including:

### **Career advice / guidance**

Individual counselling sessions are available by appointment with career services to obtain more tailored career guidance and support.

### **Career resources**

The Career Centre provides various online career resources including Useful Website Links, Interview Questions, Resume Templates, Industry Research Guides and publications available from the Library.

### **Recruitment**

Career Services aims to build and develop strong relationships with companies who can benefit from having an MBA graduate in their organisation. Successfully aligning the skills and experience of MBAs with the needs of the business is our key objective. Career Services continually market to previous and prospective recruiters and leverage off our strong Alumni base.

### **Workshops and Events**

Dependent on demand, a number of workshops and events are arranged to assist students. These include Case Study Workshops, Industry Overviews, Image & Attitude Workshops and Networking/Social Events, where there is an opportunity to mix and meet with company representatives. Student clubs also organise a range of events.

We will be happy to assist you during your time at AGSM MBA Programs and we look forward to meeting you.

Sincerely,

Matt Logan  
 Director of Career Services
